

REBEL GENERAL
DOUBTS REPORT

Carranza Comments on President Wilson's Attitude.

LAUDS AMERICAN EXECUTIVE

Mexican Insurgent Leader Discredits Rumor That President Wilson is Trying to Influence Huerta to Appoint Pedro Lascurain Minister of Foreign Relations.

Magdalena, Mex., Nov. 21.—General Venustiano Carranza, head of the Mexican Constitutionalists, in an interview, criticized the reported effort of President Wilson to influence Provisional President Huerta to appoint Pedro Lascurain as minister of foreign relations, with the view of Huerta's possible retirement in his favor.

He expressed doubt, however, of the accuracy of the report when questioned regarding what his position would be in such an event.

"It is impossible to believe," Carranza said, "that the president of the United States, a man of such high moral personality as is shown in his works that I have read, would imitate the political methods of a man of such low morality as Huerta."

"This action would be equivalent to approving the abominable political proceedings of Huerta."

"Huerta, in fact, attempted to hide his treason and assassinations by forcing the resignations of President Madero and Vice President Pino Suarez."

"He then elevated the more easily controlled Lascurain to the presidency for a few brief minutes, so that he (Huerta) could be named minister of Gobernacion. In this position he was enabled to usurp the power of Lascurain and eject him from the presidency."

"If President Wilson now intends to commit the same crime through the person of Lascurain the only difference is that Huerta, who to our disgrace is a Mexican, acted within the realm of internal politics, while President Wilson would make the affairs one of international politics."

ENGLISHMAN DENIES REPORT

Lord Cowdray Says He Is Not "a Concession Monger."

London, Nov. 22.—Lord Cowdray, who has large oil, railway and other concessions in Mexico, said in an interview that he had learned with great interest from the newspapers that a British warship had been sent to Tuxpam.

Asked if he would be satisfied with the protection that could be given his interests at Tuxpam by the United States battleship Louisiana, Lord Cowdray answered: "Certainly. It is bound to protect my interests."

Lord Cowdray expressed the opinion that he had made a great mistake in keeping silent so long under the charge that he was "a concession monger."

He said the last oil concession he had obtained from the Mexican government was slightly less than eight years ago.

SPEAKER RULES NO QUORUM

Mexican Chamber of Deputies May Soon Dissolve.

Mexico City, Nov. 22.—There is some basis for the belief that President Huerta may at last give in, but in such a manner as to leave the impression that he acted of his own free will, defying Washington to the last.

The high handed parliamentary practice in the chamber of deputies gave rise to considerable speculation. It was evident the number necessary for a quorum was present, but Colonel Victor Corral, presiding in the absence of Eduardo Tamariz, the speaker, who was said to be ill, declared there was no quorum. Not a deputy protested and the chamber stood adjourned.

Under the law should there be no quorum three times in succession the house would be automatically dissolved.

LAST OF THE SHOGUNS DIES

Prince Tokugawa, Commander of Japanese Army in Feudal Days.

Tokio, Nov. 22.—Prince Keki Tokugawa, the last of the Shoguns, is dead. He was born at Yedo in 1857.

Keki Tokugawa held the exalted office of Shogun in feudal times, the hereditary commander-in-chief of the army, for ten months in the year 1867. He abdicated when the late Emperor Mutsuhito issued a decree abolishing the Shogunate.

HOSPITAL ATTENDANTS HELD

Four Arrested Following Death of Insane Patient.

Chicago, Nov. 22.—Four attendants of the state hospital for the insane were arrested after the death of Charles Honickie, an insane patient. Honickie is said to have died of injuries received Wednesday night when he was attacked and beaten by one of the attendants. His body was covered with bruises and his neck showed finger marks as if he had been choked.

GREET ROOSEVELT IN CHILE

Former President Met by a Great Crowd.

San Diego, Chile, Nov. 22.—Colonel Roosevelt and the members of his party arrived here from Mendoza, Argentina. The officials of San Diego and a great crowd of citizens awaited the coming of the former American president and escorted him and his party to the hotel.

MINING EXPERT
ATTACKS BRYAN

John Hays Hammond Scores Secretary of State.

DISLIKES FOREIGN POLICY

Speaker at Clark University Conference on Latin-America Asserts That a Country That Does Not Protect Its Citizens and Investors Is Unworthy the Name of a Nation.

Worcester, Mass., Nov. 22.—John Hays Hammond, mining expert, speaking here at the closing session of the Clark university conference on Latin-America, said he would not invest a cent in a foreign country so long as William J. Bryan is secretary of state. He said any man who would make such an investment is lacking in sense.

"A nation that does not protect its citizens and investors is unworthy the name of a nation," Mr. Hammond asserted, saying that honest working men, encouraged to locate in Mexico, are forced to throw away the savings of a lifetime.

"They are told to get out, flee the country, where their all is located," Mr. Hammond said.

Mr. Hammond's subject was "The Development of South American Trade."

Hammond Opposes Intervention.

At the beginning he said he would refrain from discussing Mexico, but during his speech, following his reference to Mr. Bryan, he commented briefly upon Mexico. He said, however, that he is opposed to intervention.

"As an argument against protection for some property it has been claimed that concessions have been secured dishonestly. I have never known of bribes being offered or taken for concessions."

"Investors ought to be backed and protected as long as they prove honest."

The Monroe Doctrine was attacked and defended at the concluding sessions of the Pan-American conference at Clark university.

George O. Tucker of Boston, author of books of South American affairs, urged that the words "Monroe doctrine" be given up and a policy of Pan-American defense adopted. Professor Hiram Hingham of Yale expressed similar views.

FICTITIOUS NAMES ON NOTES

Cashier of Pittsburg Bank Admits Fraud in Institution.

Pittsburg, Nov. 22.—David Richardson, former cashier of the Cosmopolitan National bank, closed by the controller of the currency, was a witness in the trial of Alexander Richmond, Jr., former director of the bank, indicted for having misapplied bank funds and aiding the cashier to make false entries.

Richardson admitted the truth of the testimony given that names of firms appearing on notes for lifting a \$50,000 note given by E. R. Paul of the Santa Fe Central Railroad company were fictitious.

SAY PREACHER RIFLED MAIL

North Dakota Divinity Student and Rural Carrier Arrested.

Carrington, N. D., Nov. 22.—Anfield Shiflet, known as "the boy preacher," was arrested by United States Marshal James Shea charged with robbing the United States mail.

Shiflet, now a rural carrier out of Carrington, is accused of stealing about seventy-five pounds of mail that was found secreted in a gravel pit near this city. Officials charge that the mail thefts have extended over a period of several months.

Much of the mail had been partially destroyed. Shiflet is a divinity student.

GET LICENSE FOR WEDDING

Francis Sayre and Miss Jessie Wilson Are Then Entertained.

Washington, Nov. 22.—The president and Mrs. Wilson entertained at dinner at the White House in honor of their daughter, Miss Jessie Wilson, and Francis B. Sayre, who are to be married next Tuesday. It was the first White House function given for the young people.

The license for the White House wedding was issued, the task of getting it having been entrusted to the veteran chief usher, J. H. Hoover, in order not to attract attention.

COST OF 1894 STRIKE PAID

Socialist Party Leader Announces He Raised Final \$29,000.

Denver, Nov. 22.—Eugene V. Debs, Socialist party leader, announced here that the last of the indebtedness incurred in financing the American Railway union strike of 1894 has just been paid. Debs stated that he personally had paid \$29,000, raising the money by writing and lecturing.

Commerce Commissioner Is Victim of Acute Indigestion.

Harris & Ewing.

JOHN H. MARBLE IS DEAD

Commerce Commissioner Victim of Acute Indigestion.

Washington, Nov. 22.—John Hobart Marble, member of the interstate commerce commission, died at his home here of acute indigestion, following an illness of two days in Philadelphia.

Mr. Marble's death came unexpectedly. Mrs. Marble and their eighteen-year-old daughter were not in the room, the family physician having just been called in.

The commissioner returned from Philadelphia Thursday, where he had been conducting the commission's investigation of anthracite coal carrying railroads.

Mr. Marble had been connected with the interstate commerce commission for a number of years and was thoroughly trained in its intricate workings.

He came here in 1906. He succeeded Franklin K. Lane when the latter entered President Wilson's cabinet and had been active in the commission's cases, particularly its criminal prosecutions.

Mr. Marble was forty-six years old and before coming here practiced law and engaged in newspaper work on the Pacific coast.

DIFFICULTIES IN
RULING MEXICO

Trail of Blood Has Marked Past Administrations.

NO STABLE GOVERNMENT

Champ Clark Would Drain and Reclaim 79,000,000 Acres of Rich Land. Western Man Points Out That No Legislation Will Regulate Human Nature—Opposition to Pig Clubs.

By ARTHUR W. DUNN.

Washington, Nov. 22.—[Special.]—Latin American styles do not agree with our conceptions of good government. Huerta "must be ousted," to use the president's expression, because he had Madero assassinated as a part of his game for holding the Mexican presidency. Already it has been ascertained that the revolutionists who are opposing Huerta have been standing men up against stone walls and shooting them, besides committing numerous atrocities in which many Americans have lost their lives.

In Mexico it does not make any difference whether the Latin American is in power or a revolutionist; he takes the life of the man or men who oppose him. Old Porfirio Diaz during the many years he was president of that country had many men killed because he thought they might be dangerous. He would have a man dine with him one evening and the next day, standing up in front of a file of soldiers, have him riddled with bullets.

No Stable Governments.

As long as conditions of this kind exist—and they will exist as long as there is so much ignorance among the masses of the people—no stable government can be maintained in Mexico and similar countries without the atrocious assassinations, drumhead courts martial and executions which made the Diaz regime a forty years' trail of blood and which Huerta will find necessary if he sustains himself. And what seems just as bad is that any revolutionary government, if it becomes "stable," must continue the blood terror.

LA FOLLETTE AIRS VIEWS

Favors Special Republican Convention in 1914.

Madison, Wis., Nov. 22.—"The meeting of the Republican national committee to be held in Washington Dec. 16, it is expected, will result in the calling of an extraordinary national Republican convention in 1914 to make preliminary plans for the regular nomination convention in 1916."

This is Senator La Follette's significant prediction made in his paper in a signed editorial. Under the heading "What Republicans Must Do," he writes of past political history and tells what in his opinion are the best means of uniting Republican factions into organized strength.

"No mere negative policy or criticism of Democratic methods of obtaining legislation nor of the legislation itself," he says, "can be relied upon to reinstate the Republican party in control of national administration."

Senator La Follette advocates a change in the system of representation in the national convention.

LABOR APPROVES
MEXICAN POLICY

JURY MUST PASS ON SANITY

Judge Refuses Commission to Decide Condition of Hans Schmidt.

New York, Nov. 22.—The question whether Hans Schmidt was insane when he killed Anna Amuller, cut up her body and threw it into the Hudson river, will be left to the jury that will try him for murder. Judge Foster, in the court of general sessions, denied a motion of Schmidt's attorney for the appointment of a commission to pass on his mental condition. The trial will begin Tuesday. Since Schmidt has confessed the murder his defense has rested on the plea of insanity.

RACE WITH TRAIN IS FATAL

One Man Killed When Auto Plunges Over Bank.

Marcus, Ia., Nov. 22.—Max Cargin is dead and four companions are seriously injured as the result of the automobile in which they were driving plunging over an embankment while racing with a freight train near this city. The injured are James Hoxie, hurt internally and may die; Gilbert Evans, shoulder broken and internal injuries; Lisle Beard, arm broken and internal injuries; Francis Kline, ribs broken. All are of Remsen, Ia.

ARMY OFFICER'S WIFE

NOT GUILTY OF THEFT.

Cheyenne, Wyo., Nov. 22.—The jury trying Mrs. Joseph L. Wier, wife of an army officer, for the alleged theft of gowns from Mrs. J. S. Cecil, returned a verdict of not guilty.

TWO KILLED BY MEXICAN

Gun Battle May Be Fatal to Third of Party.

Salt Lake City, Nov. 22.—Otto Whitbeck, deputy sheriff, and Chief of Police Grant of Bingham were killed and Neppi Jensen, deputy sheriff, was fatally wounded in a fight with Ralph Lopez, a Mexican, near Saratoga Springs, Utah. Lopez is wanted in Bingham for the murder of a countryman there.

BANK ROBBERY QUIET AFFAIR

Yegg Locks Cashier in Vault and Gets \$2,000.

Laurel, Miss., Nov. 22.—Unobserved except by his victim a robber entered the Bank of Heidelberg at Heidelberg, Miss., held the cashier up at a pistol point, got about \$2,000, locked the cashier in a vault and escaped on a freight train that was passing nearby. The cashier was liberated within half an hour.

The Villain.

Critic—The villain in your story is a perfect masterpiece. Where did you get the character? Novelist—I imagined a man possessed of all the forms of wickedness which my wife attributes to me when she is angry.

JOHN H. MARBLE IS DEAD

Commerce Commissioner Victim of Acute Indigestion.

Washington, Nov. 22.—John Hobart Marble, member of the interstate commerce commission, died at his home here of acute indigestion, following an illness of two days in Philadelphia. Mr. Marble's death came unexpectedly. Mrs. Marble and their eighteen-year-old daughter were not in the room, the family physician having just been called in.

The commissioner returned from Philadelphia Thursday, where he had been conducting the commission's investigation of anthracite coal carrying railroads.

Mr. Marble had been connected with the interstate commerce commission for a number of years and was thoroughly trained in its intricate workings.

He came here in 1906. He succeeded Franklin K. Lane when the latter entered President Wilson's cabinet and had been active in the commission's cases, particularly its criminal prosecutions.

Mr. Marble was forty-six years old and before coming here practiced law and engaged in newspaper work on the Pacific coast.

SAYS PROGRESSIVES WILL BE ABSORBED

William F. McCombs Discusses Political Situation.

Washington, Nov. 22.—William F. McCombs, chairman of the Democratic national committee, after a conference with President Wilson, announced that he believed the Republican party would be the chief contender with the Democratic party for the presidency in 1916.

"Recent elections," said Mr. McCombs, "have served to strengthen a conviction I have had since the last national election that much of the Progressive party would be absorbed either by the Democratic or Republican parties and that the next national political conflict would find the Republican party the principal opponent of the Democracy."

Mr. McCombs and the president discussed the political situation for more than an hour, but the New York Democratic situation, the national chairman asserted, was not brought up in any way.

Before calling on the president Mr. McCombs conferred with Mr. Doremus of Michigan, chairman of the Democratic national campaign committee, regarding plans for more cooperation between the congressional and national committees.

Mr. McCombs reiterated his oft repeated declaration that he sought no public office and that he would not be the ambassador to France.

MAY LOSE RAILROAD PASSES

Two Hundred Thousand Employees in Illinois Worried.

Chicago, Nov. 22.—Some 200,000 railroad employees in Illinois are anxiously waiting a construction of the public utilities act, which will go into effect Jan. 1 and which contains a stringent anti-pass section, to learn if their pass privileges will be revoked.

Railroad officials are divided regarding the application of the new law, some contending that it will do away with passes altogether. Others say the pass privileges of employees remains unchanged under the act.

DIFFICULTIES IN RULING MEXICO

Trail of Blood Has Marked Past Administrations.

NO STABLE GOVERNMENT

Champ Clark Would Drain and Reclaim 79,000,000 Acres of Rich Land. Western Man Points Out That No Legislation Will Regulate Human Nature—Opposition to Pig Clubs.

By ARTHUR W. DUNN.

Washington, Nov. 22.—[Special.]—Latin American styles do not agree with our conceptions of good government. Huerta "must be ousted," to use the president's expression, because he had Madero assassinated as a part of his game for holding the Mexican presidency. Already it has been ascertained that the revolutionists who are opposing Huerta have been standing men up against stone walls and shooting them, besides committing numerous atrocities in which many Americans have lost their lives.

In Mexico it does not make any difference whether the Latin American is in power or a revolutionist; he takes the life of the man or men who oppose him. Old Porfirio Diaz during the many years he was president of that country had many men killed because he thought they might be dangerous. He would have a man die with him one evening and the next day, standing up in front of a file of soldiers, have him riddled with bullets.

No Stable Governments.

As long as conditions of this kind exist—and they will exist as long as there is so much ignorance among the masses of the people—no stable government can be maintained in Mexico and similar countries without the atrocious assassinations, drunken courts martial and executions which made the Diaz regime a forty years' trail of blood and which Huerta will find necessary if he sustains himself. And what seems just as bad is that our revolutionary government, if it becomes "stable," must continue the blood terror.

79,000,000 Acres of Rich Land.

Speaker Clark is the author of a bill having for its purpose the drainage and reclamation of swamp lands of the United States. By an estimate of the department of agriculture it is shown that there are 79,000,000 acres of such lands in the United States. Naturally they are the richest possible, for the silt of ages has been flowing upon them. Most of them are built up of overflowed settlements from the very rich soils of the country. That much tillable land would add greatly to the productivity of the country and go quite a long way in the direction of solving the problem of high cost of living.

Legislation and Human Nature.

"I see they are trying to change human nature by legislation," remarked a man from the west, referring to bills for regulating the sale of bicarbonate of mercury. "The trouble with many people is that they want a general law to fit a few isolated cases, just as an attempt was made to pass a law compelling nine foot sheets because a man suffered with cold feet in a country hotel. There is too much of this sort of legislation, trying to correct the frailties of human nature by statute."

They Make Sacrifices.

Coming to the defense of members of congress, Jefferson Levy of New York asserts that many members make sacrifices in order to serve the people in congress. I do not know of any that make such sacrifices without equalizing compensation. No doubt, many men could make more money in business, but hundreds of men leave their businesses and take office for the "other compensations." They like the power, the pull, the influence and the social recognition which official position brings to them. The wife of a rich nobody far away becomes somebody as the wife of a congressman or an assistant secretary in Washington.

Opposes Pig Clubs.

Among the many strange letters received by Secretary Houston was one from a Pennsylvania man protesting against the organization of boys' pig clubs throughout the United States in an effort to encourage more meat production. Quoting Scripture from several books, he points out that swine are not fit to eat and that flesh of animals was not meant for human food. The document would have been accepted as simply written by a crank on the subject had not the letter head disclosed the fact that the writer was a dealer in dairy products and vegetables.

Two Defense Secretaries.

While peace talks fill the air and the Democratic party has long opposed battleships and an increase of the army, it is observed that the two secretaries charged with national defense are insistent upon the policy of preparation. Secretary Garrison never loses an opportunity to talk about a good army and point out that an army well drilled and equipped makes for peace. Secretary Daniels, while willing to acquiesce in a "naval holiday," insists that as long as other nations maintain and continue building navies the United States should have more battleships.

LA FOLLETTE AIRS VIEWS

Favors Special Republican Convention in 1914.

Madison, Wis., Nov. 22.—"The meeting of the Republican national committee to be held in Washington Dec. 15, it is expected, will result in the calling of an extraordinary national Republican convention in 1914 to make preliminary plans for the regular nomination convention in 1916."

This is Senator La Follette's significant prediction made in his paper in a signed editorial. Under the heading "What Republicans Must Do," he writes of past political history and tells what in his opinion are the best means of uniting Republican factions into organized strength.

"No more negative policy or criticism of Democratic methods of obtaining legislation nor of the legislation itself," he says, "can be relied upon to reinstate the Republican party in control of national administration."

Senator La Follette advocates a change in the system of representation in the national convention.

TRIED TO SQUEEZE ASPHALT COMPANIES

McGuire Admits Soliciting Campaign Funds.

New York, Nov. 22.—George H. McGuire, Syracuse bonding agent for state highway and barge canal contractors, is a partner of Charles F. Murphy, Jr., nephew of the leader of Tammany Hall.

He so testified at the "John Doe" inquiry into highway graft and said he had an agreement with Murphy to divide all the bonding business they obtained.

Further, McGuire confessed to having attempted to "hold up" at least three asphalt companies for \$5,000 contributions to the state Democratic committee, in return for getting them contracts from the state highway department.

McGuire was to get a commission of 1 per cent a gallon for all the asphalt the companies sold to the state or to contractors, he said, and the companies were to charge the contributions against the commission.

Two of the companies, the Warner Quinlan and the Union Oil company of California, did not contribute, he said.

Whether the third, the Barber Asphalt company, had contributed, McGuire said he did not know, but the Barber company got the contract.

He said he had received a total of \$1,250 from Arthur S. Johnson, sales agent of the Barber company, but insisted that these were not commissions but money given him as his campaign contribution to Governor Sulzer.

HELD DYING MAN IN ARMS

Dr. Elam Tells One More Chapter of Murder in Hotel.

Kansas City, Nov. 22.—Like the installments of a serial story the killing of W. Putnam Cramer of Chicago by Dr. William Elam, the wealthy St. Joseph physician, is becoming known a chapter at a time.

Through an attorney Dr. Elam told how he caught Cramer in his arms after the fatal shot had been fired and held him until death came.

Gary School System Lauded.

Washington, Nov. 22.—Picturing the school system at Gary, Ind., as a model for the country Representative Cresser of Ohio introduced a resolution to have a house committee investigate it with a view to furnishing information to the country.

RUN INTO DYNAMITE CAR

Twelve Men Hurt, Six Fatally, It Is Believed.

Bellaire, O., Nov. 22.—A car carrying twelve miners collided with a car hauling 250 pounds of dynamite, 400 feet from the entrance of the Putney mine near here. Both cars left the rails. All of the men were injured, six fatally, it is believed. They were foreigners. The dynamite did not explode.

LABOR APPROVES MEXICAN POLICY

JURY MUST PASS ON SANITY

Judge Refuses Commission to Decide Condition of Hans Schmidt.

New York, Nov. 22.—The question whether Hans Schmidt was insane when he killed Anna Ammiller, cut up her body and threw it into the Hudson river, will be left to the jury that will try him for murder. Judge Foster, in the court of general sessions, denied a motion of Schmidt's attorney for the appointment of a commission to pass on his mental condition. The trial will begin Tuesday. Since Schmidt has confessed the murder his defense has rested on the plea of insanity.

RACE WITH TRAIN IS FATAL

One Man Killed When Auto Plunges Over Bank.

Marcus, Ia., Nov. 22.—Max Cargin is dead and four companions are seriously injured as the result of the automobile in which they were driving plunging over an embankment while racing with a freight train near this city. The injured are James Hoxie, hurt internally and may die; Gilbert Evans, shoulder broken and internal injuries; Lisle Beard, arm broken and internal injuries; Francis Kline, ribs broken. All are of Remsen, Ia.

ARMY OFFICER'S WIFE NOT GUILTY OF THEFT.

Cheyenne, Wyo., Nov. 22.—The jury trying Mrs. Joseph L. Wier, wife of an army officer, for the alleged theft of gowns from Mrs. J. S. Cecil, returned a verdict of not guilty.

TWO KILLED BY MEXICAN

Gun Battle May Be Fatal to Third of Party.

Salt Lake City, Nov. 22.—Otto Whitbeck, deputy sheriff, and Chief of Police Grant of Bingham were killed and Nepsi Jensen, deputy sheriff, was fatally wounded in a fight with Ralph Lopez, a Mexican, near Saratoga Springs, Utah. Lopez is wanted in Bingham for the murder of a countryman there.

BANK ROBBERY QUIET AFFAIR

Yegg Locks Cashier in Vault and Gets \$2,000.

Laurel, Miss., Nov. 22.—Unobserved except by his victim a robber entered the Bank of Heidelberg at Heidelberg, Miss., held the cashier up at a pistol point, got about \$2,000, locked the cashier in a vault and escaped on a freight train that was passing nearby. The cashier was liberated within half an hour.

The Villain.

Critic—The villain in your story is a perfect masterpiece. Where did you get the character? Novelist—I imagined a man possessed of all the forms of wickedness which my wife attributes to me when she is angry.

American Federation Hopes for Peaceful Solution.

WOULD NOT HAMPER WILSON

Seattle Convention Refuses to Adopt Resolutions Condemning Armed Intervention on the Ground That Such Action Might Be Justifiable and Desirable.

Seattle, Nov. 22.—The American Federation of Labor refused to adopt a resolution condemning armed intervention in Mexico on the ground that such intervention might be justifiable and desirable. The convention unanimously adopted the following resolution:

"The American Federation of Labor condemns attempts being made by American and foreign corporations and certain jingo newspapers to force armed intervention by the United States government in Mexico and urges upon the president of the United States the continuance of a policy looking to a peaceful adjustment of the conflict among the Mexican people."

John Mitchell begged the convention not to hamper President Wilson. While he was a peace advocate he believed there were conditions that some times justified war within a nation and between nations.

"President Wilson has approached this subject in a statesmanlike way," President Gompers said. "We ought to strengthen his hands in finding a peaceful solution of the problem, but I think we ought not to enable Huerta to say organized labor will not permit intervention and that he may go on with his bloody record."

Believe Rebels Will Win.

Other speakers denounced Huerta and praised Madero. Some said intervention by the United States would never be necessary; that the insurgents would win if given a chance. All the speakers thought the trouble in Mexico could not be settled until the land problem was solved.

The question was brought up after the convention had adopted a strong declaration in favor of international peace, as follows:

"It is not lack of love of country which prompts the toilers to protest against international fratricide, but they are unwilling to be exploited or killed for the promotion of private or selfish ends."

The constantly growing system of the international acceptance and recognition of trade union cards is another influence that is quietly and surely creating a fraternal spirit among workers of all kinds."

Two resolutions endorsing Winston Spencer Churchill's proposal that the United States, Great Britain and Germany discontinue warship construction for a year were adopted. One of these was introduced by President Gompers.

JUDGE AFTER CLAIM AGENT

Would Learn Why Widow Took \$750 for Death of Son.

Chicago, Nov. 22.—B. J. Chester of Mobile, Ala., claim agent for the Mobile and Ohio railroad, was ordered to be in Chicago on Monday to explain to Federal Judge K. M. Landis how he persuaded Mrs. Mary Panek, a widow, to accept \$750 for the death of her son, Edward, a United States soldier.

Panek, with others, lost his life in a wreck near Huchatima, Oct. 16. Mrs. Panek sued the railroad for \$10,000 and the suit was called Friday. Mrs. Panek notified the court that she had settled with the claim agent. "I got \$750," she said.

ICE OFFICIAL FOUND GUILTY

Convicted of Entering Combine in Restraint of Trade.

Hastings, Minn., Nov. 22.—William A. Wells, president of the People's Ice company of St. Paul was found guilty of entering into a combination in restraint of trade by a jury in the district court here. The jury brought in its verdict after being out four hours.

Mrs. Wells was in the courtroom when the verdict was returned, but made no comment. The charge on which he was convicted calls for a sentence of three to five years in the state prison or a fine of \$500 to \$5,000.

HEARS CLOCK TICK ACROSS THE OCEAN.

Washington, Nov. 22.—Three weeks of patient experiment resulted in success when the United States naval observatory here heard the beats of the Paris observatory clock as transmitted by radio signals from the Eiffel tower to the great naval radio station at Arlington.

The beats were compared with those of the Washington clock for some minutes by the method of

STANFORD'S NEW PRESIDENT

Dr. John Casper Branner is the Second Head of the University.

At the recent installation of Dr. John Casper Branner as the second president of Stanford university the students presented a "presidential chair" to the university in commemoration of the event. The photograph shows President Branner seated in the chair. This massive seat of state is of dark oak, upholstered with red plush, the Stanford color being cardinal. In design the carved posts and arch at the back are suggestive of the famous pillared arcades which form the distinctive feature of the Stanford architecture. The seal of the university in carved and gilded oak gives the chair an additional touch of academic dignity. Dr. Branner has been at Stanford since the opening of the university and was inaugurated president exactly twenty-

MOSBY FLED WITH HIS MEN.

An Attack That Wholly Demoralized the Partisan Rangers.

Colonel John S. Mosby, commander of the Partisan rangers, who gave such dashing service in the southern cause, told of an amusing incident in which he figured. In the summer of 1864 when General Phil Sheridan was in the valley of the Shenandoah he found himself much harassed by Mosby, who was continually cutting off his supply trains. An army cannot fight on an empty stomach, and Mosby knew it. One bright morning Mosby heard that a long supply train was winding its way down the valley. By noon the rangers in their gray uniforms were gathered at the forks of the valley pike, watching for the head of the wagon train to appear. Presently a cloud of dust was seen rising far up the road, and as the wind blew it aside the Confederates caught sight of a line of men in blue escorting a caravan of lumbering wagons drawn by mules. Instantly Mosby gave the order to run a little howitzer up on the side of a hill and unlimber it. As soon as the gun had opened fire the rest of the men were to make a cavalry charge and throw the train into confusion. The rangers jerked the gun into position and began to swab it out. Suddenly the man with the swab gave a shrill yell, seized the seat of his pantaloons and fled down the hill and out into the road. Almost in the same moment the other man at the gun abandoned it. He seemed to be fighting at the air as he disappeared over a stone wall. The sutler's wagons were creeping nearer, and Mosby did not know what to think of such extraordinary conduct. He ordered four more men to the gun, but hardly had they reached it when they, too, yelled, began to beat the air madly with their hats and took to flight. Spurring his horse over the stone wall, Mosby rode toward the gun, but his stay was short. The howitzer stood just over a hornet's nest, and those busy insects were resenting the intrusion. They had repelled the invaders on foot, and now they swarmed on Mosby's horse till the maddened animal tore off down the pike on a run. Then they turned their attention to the rest of the troop. Their attack was so vicious that the rangers gave up any idea of standing by the gun. They scattered far and wide, and it was an hour before they returned. When they did the wagon train had safely vanished in the distance. So the hornets saved the day for Sheridan—Youth's Companion.

DR. BRANNER IN THE "PRESIDENTIAL CHAIR."

two years after Dr. David Starr Jordan, now chancellor of the university, became its first president in 1891.

He is best known as a geologist, and his standing in that science is shown by the fact that he is the most recent recipient of the Hayden medal, which is conferred every three years upon the man making the greatest contribution to the world's knowledge in geology and paleontology. While he was still an undergraduate at Cornell in 1875 he went to Brazil as a member of the imperial geological survey and since that time has made many trips to South America as the leader of scientific expeditions for the government of the United States and more frequently for the government of Brazil. As a result of his South American experiences he is the author not only of many books and scientific papers, but of a Portuguese grammar as well. Dr. Branner has been professor of geology at Stanford since the opening of the university and since 1899 has been vice president.

\$100 REWARD. \$100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Cuts down fuel bills.
Requires no attention.
The wind operates it day or night.

READ THIS TESTIMONIAL:

Northwestern Laboratories, Minneapolis, Minn., Aug. 20, 1913
Carnegie Automatic Fuel-Saving Co., Minneapolis, Minn.
Gentlemen:—Referring to the preliminary test No. 1 run on two boilers located at the Hotel Hastings one equipped with Carnegie Automatic Fuel Saver and the other without, I beg to advise that on this preliminary run, the boiler equipped with the Fuel Saver showed an increase in efficiency over the one without of 15 1/2 per cent, which is as much as to say, that under the same conditions, the one without burned 15 1/2 per cent more coal to do the same amount of work than was required by the one equipped. Very truly yours,
(Signed) L. H. Gardner, C. E.

STANFORD'S NEW PRESIDENT
Dr. John Casper Branner is the Second Head of the University.
At the recent installation of Dr. John Casper Branner as the second president of Stanford university the students presented a "presidential chair" to the university in commemoration of the event. The photograph shows President Branner seated in the chair. This massive seat of state is of dark oak, upholstered with red plush. The Stanford color being cardinal. In design the carved posts and arch at the back are suggestive of the famous pillared arcades which form the distinctive feature of the Stanford architecture. The seal of the university in carved and gilded oak gives the chair an additional touch of academic dignity. Dr. Branner has been at Stanford since the opening of the university and was inaugurated president exactly twenty-

DR. BRANNER IN THE "PRESIDENTIAL CHAIR."

MOSBY FLED WITH HIS MEN.
An Attack That Wholly Demoralized the Partisan Rangers.
Colonel John S. Mosby, commander of the Partisan rangers, who gave such dashing service in the southern cause, told of an amusing incident in which he figured.
In the summer of 1864 when General Phil Sheridan was in the valley of the Shenandoah he found himself much harassed by Mosby, who was continually cutting off his supply trains. An army cannot fight on an empty stomach, and Mosby knew it. One bright morning Mosby heard that a long supply train was winding its way down the valley. By noon the rangers in their gray uniforms were gathered at the forks of the valley pike, watching for the head of the wagon train to appear.
Presently a cloud of dust was seen rising far up the road, and as the wind blew it aside the Confederates caught sight of a line of men in blue escorting a caravan of lumbering wagons drawn by mules. Instantly Mosby gave the order to run a little howitzer up on the side of a hill and unlimber it. As soon as the gun had opened fire the rest of the men were to make a cavalry charge and throw the train into confusion.
The rangers jerked the gun into position and began to swab it out. Suddenly the man with the swab gave a shrill yell, seized the seat of his pantaloons and fled down the hill and out into the road. Almost in the same moment the other man at the gun abandoned it. He seemed to be fighting at the air as he disappeared over a stone wall.
The sutler's wagons were creeping nearer, and Mosby did not know what to think of such extraordinary conduct. He ordered four more men to the gun, but hardly had they reached it when they, too, yelled, began to beat the air madly with their hats and took to flight.
Spurring his horse over the stone wall, Mosby rode toward the gun, but his stay was short. The howitzer stood just over a hornet's nest, and those busy insects were resenting the intrusion. They had repelled the invaders on foot, and now they swarmed on Mosby's horse till the maddened animal tore off down the pike on a run. Then they turned their attention to the rest of the troop.
Their attack was so vicious that the rangers gave up any idea of standing by the gun. They scattered far and wide, and it was an hour before they returned. When they did the wagon train had safely vanished in the distance. So the hornets saved the day for Sheridan.—Youth's Companion.

READ THIS TESTIMONIAL:
Northwestern Laboratories, Minneapolis, Minn., Aug. 20, 1913
Carnegie Automatic Fuel-Saving Co., Minneapolis, Minn.
Gentlemen:—Referring to the preliminary test No. 1 run on two boilers located at the Hotel Hastings one equipped with Carnegie Automatic Fuel Saver and the other without. I beg to advise that on this preliminary run, the boiler equipped with the Fuel Saver showed an increase in efficiency over the one without of 15 1/2 per cent, which is as much as to say, that under the same conditions, the one without burned 15 1/2 per cent more coal to do the same amount of work than was required by the one equipped.
Very truly yours,
(Signed) L. H. Gardner, C. E.

two years after Dr. David Starr Jordan, now chancellor of the university, became its first president in 1891.
He is best known as a geologist, and his standing in that science is shown by the fact that he is the most recent recipient of the Hayden medal, which is conferred every three years upon the man making the greatest contribution to the world's knowledge in geology and paleontology. While he was still an undergraduate at Cornell in 1875 he went to Brazil as a member of the imperial geological survey and since that time has made many trips to South America as the leader of scientific expeditions for the government of the United States and more frequently for the government of Brazil. As a result of his South American experiences he is the author not only of many books and scientific papers, but of a Portuguese grammar as well. Dr. Branner has been professor of geology at Stanford since the opening of the university and since 1899 has been vice president.

\$100 REWARD. \$100
The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

RECOMMEND A NEW JAIL

Court House Committee and County Commissioners in Session Friday at the Court House

NO NEW COURT HOUSE DESIRED

Suggested that a Small Additional Room be Provided for the Register of Deeds

County Auditor Smart's letter to the state board of control gives in succinct form the result of the meeting of the court house committee and county commissioners:

"The county board met here Friday in conjunction with the citizens' court house committee and it was decided to build a new jail without delay, and for the present not to make any improvements on the court house except to provide a small additional room for the register of deeds.

Several architects were present and submitted plans for a building to accommodate from 30 to 35 inmates, to cost from \$32,000 to \$43,000. Mr. Parsons, who is building the high school at Little Falls, was at the meeting but had no jail plans at hand and wished to be given time to submit some. It was accordingly decided to meet again on Dec. 2nd to look over further plans, choose one, and select an architect.

If you have any plans to offer, or any stipulations to make regarding the building or equipment, the board will be glad to receive same at that time. The meeting will be held in the evening."

Obituary

Mrs. Wilhelmine Smith was born in 1841. She was the wife of John Smith, of Belfour, N. D. She died at the home of Herman Kratzman, 701 Third street, Northeast, leaving 12 children, four boys and eight girls. The funeral was held Saturday afternoon at 2:30 from the house and at 3 o'clock from the Zion Evangelical Lutheran church.

Card of Thanks

We desire to express our heartfelt thanks to the friends and neighbors for their kind services and sympathy extended and the Degree of Honor and others for their beautiful floral offerings given on the occasion of the death of our mother.

VERSATILITY IN THE ARMY.

Both Officers and Men Are Often Qualified For Other Professions. General William H. Carter, U. S. A., who is in command of the troops on the Mexican border, can steer an aeroplane as well as guide an army. This is an illustration of the versatility which is so often met with in army officers and which is also to be found among the enlisted men.

There are few professions or trades that are not represented in the rank and file of the United States army. There are butchers, bakers, carpenters,

GENERAL CARTER AND LIEUTENANT MILLING READY FOR A FLIGHT.

bricklayers and electricians galore. Even college professors are sometimes to be found in the ranks as well as clerks and sometimes ministers. Some of them have entered the ranks in a spirit of adventure; some of them have gone "broke" in strange towns and have enlisted as a matter of need. Often it is some trouble—domestic or otherwise—that causes men to enlist. Once in the army it is difficult to break away. True, many serve their enlistment period and go out better equipped than ever to battle for bread, but to the majority soldiering becomes a profession, and they stay with the army.

Finda Foot Imbedded in Rock. John Magill, employed in the Lovington mines, near Decatur, Ill., recently unearthed what appeared to be a petrified human foot. It was imbedded in the rock 1,000 feet below the surface.

FAILED TO SHOOT FLEEING CONVICT

Special to Dispatch:

Stillwater, Minn., Nov. 22—Robert M. Coles, deputy warden of the new prison and an employee of the state since 1903, resigned suddenly today after a disagreement with Warden Henry Wolfer. Cole's failure to shoot a fleeing convict, who had escaped from within the prison walls, is said to have been the cause of Wolfer's displeasure.

MAIL SERVICE ON NIGHT TRAINS

Beginning Sunday Night Mail Service will be Extended to Trains 33 and 34 M. & I. Ry.

BETWEEN WALKER & BRAINERD

These Trains Will Exchange Pouches With Pequot, Pine River and Walker on New Schedule

The extension of mail service to the night trains on the Minnesota & International road between this city and Walker is a matter of some importance to Brainerd. Postmaster Ingersoll has received notice from the chief clerk of the tenth division railway mail service that beginning Monday morning, Nov. 24, regular service will be established on trains 33 and 34 and that Francis E. Hardy is the clerk assigned to this run. The bulletin says that these trains will exchange pouches with Pequot, Pine River and Walker.

This will be a great convenience to the business men and others, as by the arrangement mail, registered or ordinary, can be dispatched to these points on the night train and an answer received on the noon train the following day. The commercial club has been instrumental to a certain extent in securing this convenience as they have repeatedly asked that the department grant the request. It is quite probable that other offices on this line will be included before long, as the service once established the people will demand that their towns be recognized.

A heavy volume of mail goes to the northern part of the state via the Minnesota & International and has heretofore been worked at Bemidji, which is a distributing point. This mail will now be turned over to a railway mail clerk at Brainerd and will be ready for distribution when it reaches the northern terminus. It is an improvement in the mail service and will be appreciated by Brainerd people as well as others affected.

LAXATIVE FOR OLD PEOPLE—"CASCARETS"

Salts, Calomel and Pills act on Liver and Bowels like pepper acts in Nostrils—Danger!

Get a 10-cent box now. Most old people must give to the bowels some regular help, else they suffer from constipation. The condition is perfectly natural. It is just as natural as it is for old people to walk slowly. For age is never so active as youth. The muscles are less elastic. And the bowels are muscles. So all old people need Cascarets. One might as well refuse to aid weak eyes with glasses as to neglect this gentle aid to weak bowels. The bowels must be kept active. This is important at all ages, but never so much as at fifty.

Age is not a time for harsh physics. Youth may occasionally whip the bowels into activity. But a lash can't be used every day. What the bowels of the old need is a gentle and natural tonic. One that can be constantly used without harm. The only such tonic is Cascarets, and they cost only 10 cents per box at any drug store. They work while you sleep.—Advt.

Attention You Cribbage Player

The ninth annual tournament of the Brainerd Cribbage club will commence very soon. It has been decided to increase the membership to 12, an increase of five more members. Applications should be sent to W. E. Entriiken, 319 N. 10th St. before 7 p. m. Saturday, November 22. The original rules of the club to govern. Advt.—12

Nervous and Sick Headaches

Torpid liver, constipated bowels and disordered stomach are the causes of these headaches. Take Dr. King's New Life Pills, you will be surprised how quickly you will get relief. They stimulate the different organs to do their work properly. No better regulator for liver and bowels. Take 25c and invest in a box today. At all druggists or by mail. H. E. Bucklen & Co., Philadelphia and St. Louis. —Advt. tts

One of them tried hard to make the

other understand something, but he was rather very hard of hearing or slow in believing.

At last his friend lost his temper and exclaimed, "Why, don't you see? It's as plain as A B C!" "That may be," said the other; "but, you see, I am D E F."—London Telegraph.

CONCERT WAS A BRILLIANT AFFAIR

Edwin Harris Bergh Charmed the Large Audience With His Artistic Violin Playing

MRS GEORGE D. LaBAR'S SOLOS

Drew Great Applause—Mr. Alderman and Mrs. LaBar in Duets—Evening Greatly Enjoyed

The violin recital given Friday evening by Edwin Harris Bergh, who was assisted by Mrs. George D. LaBar soprano and S. F. Alderman baritone, with Mrs. W. F. Wieland at the piano, was one of the most enjoyable concerts ever given in Brainerd musical circles. An audience which filled every seat of the spacious First Congregational church listened with delight to every number and was generous in its applause and often succeeded in being favored with an encore.

This was Mr. Bergh's first public appearance in concert work and his playing stamped him as an artist of the highest attainments. The selections he gave ranged from Svendsen, Grieg, Beethoven to Wieniewski and Musin. In all he showed his capable technique, his splendid bowing and clear intonation. The clear, ringing, rich tone of his violin, his double stopping, his harmonics, the staccato movement in the Beethoven minuet, all these displayed his rare talents.

Mrs. George D. LaBar's soprano delighted her audience and revealed the beautiful qualities which have endeared her to all Brainerd people. In sustained passages she evidenced the power of her voice. She was heard in "On the Adriatic Sea" by Temple and "Dream One Dream of Me" by Robyn. As an encore she gave "April Rain."

Mr. Alderman sang "Honour and Arms" by Handel and this piece amply showed the range and power of his baritone voice. He was heartily applauded and as an encore sang, "Until You Came."

In duets, Mrs. LaBar and Mr. Alderman created a most favorable impression by their rendition of "A Golden Day" by Campana. They drew hearty applause and favored the audience with an encore.

As an accompanist Mrs. W. F. Wieland showed her capabilities by playing for Mr. Bergh and the singers and for all she showed the same sympathetic appreciation of the theme and spirit of each selection and merged her individuality with that of the soloist.

ABOUT STOPPING AT PILLAGER

Supt. A. V. Brown Answers Request Made to Have the Twin Ports Limited Flagged There

THE OFFICIALS CONSIDERING IT

Flyer for Through Passengers Who Complain When any Delay Doing Local Business

In response to an inquiry from the Dispatch relative to having the Twin Ports Limited stop at Pillager when flagged and in order to give Pillager people a chance to visit the shows, lodges and other entertainments in Brainerd, A. V. Brown, superintendent of the Lake Superior division of the Northern Pacific railway, has written the Dispatch as follows:

"Your letter of November 14th has been received and the matter of stopping our Limited at Pillager is now being considered. The trouble in a case of this kind is that if we stop for Pillager we have to make stops at various other points asking the same privilege.

"This train is run primarily to care for through passengers who complain when there is any delay doing local business. We try to conduct our affairs so that we will be fair and impartial to all communities and I know that you will readily recognize that if we favor one without favoring the other, we are then accused of discrimination. If we favor all the communities it would be an impossibility to run the train as advertised, and the question of favoring Pillager is, of course, one that we shall have to give careful consideration, and as soon as we reach a conclusion I will let you know whether we will or will not be able to grant your request.

"I appreciate your writing me about the matter and assure you that we desire to be accommodating and of service to you and our good friends whenever it is possible for us to do so."

A Consumptive Cough

A cough that bothers you continually is one of the danger signals which warns of consumption. Dr. King's New Discovery will stop cough, loosen the chest, banish fever and let you sleep peacefully. The first dose checks the symptoms and gives prompt relief. Mrs. A. F. Mertz, of Glen Ellyn, Iowa, writes: "Dr. King's New Discovery cured a stubborn cough after six weeks' doctoring failed to help." Try it, as it will do the same for you. Best medicine for coughs, colds, throat and lung troubles. Money back if it fails. Price 50c and \$1.00. All druggists, by mail. H. E. Bucklen & Co., Philadelphia or St. Louis.—Advt. tts

DEVELOPMENTS OF WEEK ON RANGE

No Substantial Confirmation to Report that Fee in Kennedy Had Been Bought By N. P.

CUYUNA-MILLE LACS SHIPPING

Activity in Section 13-45-30. East of Brainerd—Ben Mizen Leaves George H. Crosby

At present no substantial confirmation can be gained of the report that the fee of the Kennedy mine at Cuyuna has been purchased by the Northern Pacific railway. At the headquarters of the Northwestern Improvement Co. in Brainerd nothing whatever was known of the matter. Carl Zapffe was not at the office.

It was announced some weeks ago that the Northern Pacific railway would build a line along the south shore of Rabbit lake extending to the timber shaft of the Kennedy mine and railways do not build lines unless they expect haulage. On Wednesday a corps of surveyors arrived at Deerwood and went to Cuyuna and the report is now current that the Northern Pacific will extend a line from Deerwood to Cuyuna and across the narrows of Rabbit lake. It is even stated that Dale & Bumgardner, who have done much Soo railway construction work on the range, had the N. P. contract for the Deerwood-Cuyuna extension.

The Soo line has finished its extension to the Iron Mountain Co. property. The shaft is in ore and the pumping station has been finished. Coal has been received at the mine over the Soo line.

The Cuyuna-Mille Lacs mine is still shipping, but will do the last of it by the end of the week. The season's shipments at the mine were from 30,000 to 40,000 tons. Stockpiling will soon be commenced, but in addition the company expects to make winter rail shipments to Ashland and Michigan furnaces. Payment on November 20 disbursed over \$8,000 at the mine.

The Cuyuna-Duluth Iron Co. is stockpiling. The winter will be devoted to largely increasing the inside workings and thus enabling the mine to get out a very heavy tonnage in 1914. The shaft will be sunk much deeper, work on the same being now in progress. About 10,000 tons were shipped this season.

The Duluth-Brainerd shaft in section 32, township 47, range 29 is down 40 feet. Photographs taken of the camp reveal the head frame, the power house and other buildings and the long flumes conveying away the water pumped from the shaft. This mine will be a shipper next year.

E. J. W. Donahue was on the range this week with C. B. Rowley of Brainerd, and A. R. Amundsen, of Duluth.

The Cuyuna-Sultana Co. has a drill at work on the Campbell forty and one in the northeast quarter of the northeast quarter of section 16, township 45, range 29.

The Adams mine has installed an electrical pump, power being furnished by the Cuyuna Range Power company which recently built a pole line from Deerwood to Oreland. The mine is one of the best equipped on the range. It will stockpile heavily this winter and be on the shipping list in 1914.

The Barrows mine is working on its Nos. 3 shaft, a large compartment shaft. The men have been changed from three to two shifts a day. About the same number are employed as before. The power house has an electric light plant which lights the mine and the boarding houses, captain's and superintendent's cottages and other buildings on the location. The town of Barrows is having a telephone line installed and a hundred or more telephones have been subscribed for.

The Brainerd-Cuyuna mine in the city limits of Brainerd is getting its power house in shape. The boilers are being bricked up. Capt. John Martin has made a good showing in two months, one of the best ever made by any company on the range. East of Brainerd in section 13, township 45, range 30, there are three properties which it is reported may be taken over by the Canadian-Cuyuna Mining Co. The land has been well drilled and prospected by the Longyear Exploration Co. Interested in the property are R. K. Whiteley, R. J. Hartley, C. A. Allbright and other Brainerd men.

Cole & McDonald, operating for fee owners, are said to have found high grade ore in section 20, township 46, range 28. It is said some of the ore runs 68 per cent in the southwest quarter of the section named, lying east of adjoining the townsite of Oreland and near the Sealander farm. On the same line of attraction is the Lofholm farm for which John Helmer, of Duluth, paid approximately \$20,000. Wm. C. White is drilling along this same line of attraction.

W. B. Sloane, of Chicago, auditor of the Inland Steel Co. Thompson mine, was on the range Wednesday and visited the mine where a shovel is engaged in stripping. This mine, originally an underground mine, will be converted into a pit mine and be ready for extensive shipping in 1914.

M. M. Reynolds, of Banora, Iowa, and O. B. Walters, of Manning, Iowa, accompanied George Urquhart, of St. Paul, were over the range Wednesday examining the various properties in

"MICHAEL'S"

which the Gopher Iron Co. is interested. The Gopher people have adopted the plan of buying mineral lands and leasing them to operators, leaving the mining to others. The Salisbury Mining Co., one of Cuyler Adams' companies, was one of the first to follow this plan and is now paying investors 7 per cent based on royalties received from properties leased out.

Cuyler Adams is the discoverer of the Cuyuna iron range and has not ceased in his work of development. He was the first to bring cheaper ore hauling rates to the range. He did his first work of exploration on the south range and at one time owned a chain of land in that district extending from Deerwood to Brainerd. The Adbar Co., lately organized by Mr. Adams, has associated therein Mr. Adams and his son, R. M. Adams and L. A. Barton, of Gordon, Wis. The name of the company was gained by taking the first syllable of Adams and Barton, making "Adbar."

C. W. Potts, formerly of Superior, has three drills at work and may soon add a fourth. One is in section 4, township 46, range 28, one in section 12, township 46, range 30 and one in section 20, township 47, range 28 and another will soon be placed in the same section for Superior people.

The Hale-Bradley Exploration Co. has a drill at work near Iron Hub at a point where Thomas Keating once operated years ago. A drill is at work in section 17, township 46, range 23, where the second hole is being sunk. A drill is down on the seventh hole in section 16, township 46, range 28. The Hale-Bradley Exploration Co. also has a drill operating in virgin territory two miles south of Staples.

The Helmer Exploration Co. is reported to have a drill at work in section 10, township 46, range 28. John Helmer has a drill at work in the southwest quarter of section 11, township 46, range 28. In section 27, township 47, range 29 the Plymouth Exploration Co. of Minneapolis is operating a Star drill.

Ben Mizen, for three years connected with the Crosby Exploration Co. of George H. Crosby, has severed his connection with the company and will go into business for himself on the northern ranges. He has had 14 years experience in mining and exploration work, being with the U. S. Steel corporation before being employed by George H. Crosby. Due largely to the suggestions of Mr. Mizen was undertaken the stripping of the Pennington pit mine and the introduction of this method of mining proved a success on the range. Mr. Mizen made a record as the man who was always on the job. He took pride in his work. Careful, conscientious, painstaking, he could be depended on. Mr. Mizen made many friends in Brainerd, Crosby and other points on the range.

Saved His Foot

H. D. Ely, of Bantam, O., suffered from horrible ulcer on his foot for four years. Doctor advised amputation, but refused and reluctantly tried Bucklen's Arnica Salve as a last resort. He then wrote: "I used your salve and my foot was soon completely cured." Best remedy for burns, cuts, bruises and eczema. Get a box today. Only 25c. All druggists or by mail. H. E. Bucklen & Co., Philadelphia or St. Louis.—Advt.

RECOMMEND A NEW JAIL

Court House Committee and County Commissioners in Session Friday at the Court House

NO NEW COURT HOUSE DESIRED

Suggested that a Small Additional Room be Provided for the Register of Deeds

County Auditor Smart's letter to the state board of control gives in succinct form the result of the meeting of the court house committee and county commissioners:

"The county board met here Friday in conjunction with the citizens' court house committee and it was decided to build a new jail without delay, and for the present not to make any improvements on the court house except to provide a small additional room for the register of deeds.

Several architects were present and submitted plans for a building to accommodate from 30 to 35 inmates, to cost from \$32,000 to \$43,000. Mr. Parsons, who is building the high school at Little Falls, was at the meeting but had no plans at hand and wished to be given time to submit some. It was accordingly decided to meet again on Dec. 2nd to look over further plans, choose one, and select an architect.

If you have any plans to offer, or any stipulations to make regarding the building or equipment, the board will be glad to receive same at that time. The meeting will be held in the evening."

Obituary

Mrs. Wilhelmine Smith was born in 1841. She was the wife of John Smith, of Belfour, N. D. She died at the home of Herman Kratzman, 701 Third street, Northeast, leaving 12 children, four boys and eight girls. The funeral was held Saturday afternoon at 2:30 from the house and at 3 o'clock from the Zion Evangelical Lutheran church.

Card of Thanks

VERSATILITY IN THE ARMY.

Both Officers and Men Are Often Qualified For Other Professions. General William H. Carter, U. S. A., who is in command of the troops on the Mexican border, can steer an aeroplane as well as guide an army. This is an illustration of the versatility which is so often met with in army officers and which is also to be found among the enlisted men.

There are few professions or trades that are not represented in the rank and file of the United States army. There are butchers, bakers, carpenters,

GENERAL CARTER AND LIEUTENANT MILLER READY FOR A FLIGHT.

bricklayers and electricians galore. Even college professors are sometimes to be found in the ranks as well as clerks and sometimes ministers. Some of them have entered the ranks in a spirit of adventure; some of them have gone "broke" in strange towns and have enlisted as a matter of need. Often it is some trouble-domestic or otherwise—that causes men to enlist. Once in the army it is difficult to break away. True, many serve their enlistment period and go out better equipped than ever to battle for bread, but to the majority soldiering becomes a profession, and they stay with the army.

Finds Foot Imbedded in Rock.
John Magill, employed in the Lovington mines, near Decatur, Ill., recently unearthed what appeared to be a petrified human foot. It was imbedded in the rock 1,000 feet below the surface.

FAILED TO SHOOT FLEEING CONVICT

Special to Dispatch:

Stillwater, Minn., Nov. 22—Robert M. Coles, deputy warden of the new prison and an employee of the state since 1903, resigned suddenly today after a disagreement with Warden Henry Wolfer. Coles' failure to shoot a fleeing convict, who had escaped from within the prison walls, is said to have been the cause of Wolfer's displeasure.

MAIL SERVICE ON NIGHT TRAINS

Beginning Sunday Night Mail Service will be Extended to Trains 33 and 34 M. & I. Ry.

BETWEEN WALKER & BRAINERD

These Trains Will Exchange Pouches With Pequot, Pine River and Walker on New Schedule

The extension of mail service to the night trains on the Minnesota & International road between this city and Walker is a matter of some importance to Brainerd. Postmaster Ingersoll has received notice from the chief clerk of the tenth division railway mail service that beginning Monday morning, Nov. 24, regular service will be established on trains 33 and 34 and that Francis E. Hardy is the clerk assigned to this run. The bulletin says that these trains will exchange pouches with Pequot, Pine River and Walker.

This will be a great convenience to the business men and others, as by the arrangement mail, registered or ordinary, can be dispatched to these points on the night train and an answer received on the noon train the following day. The commercial club has been instrumental to a certain extent in securing this convenience as they have repeatedly asked that the department grant the request. It is quite probable that other offices on this line will be included before long, as the service once established the people will demand that their towns be recognized.

A heavy volume of mail goes to the northern part of the state via the Minnesota & International and has heretofore been worked at Bemidji, which is a distributing point. This mail will now be turned over to a railway mail clerk at Brainerd and will be ready for distribution when it reaches the northern terminus. It is an improvement in the mail service and will be appreciated by Brainerd people as well as others affected.

LAXATIVE FOR OLD PEOPLE—"CASCARETS"

Salts, Calomel and Pills act on Liver and Bowels like pepper acts on Nostrils—Danger!

Get a 10-cent box now. Most old people must give to the bowels some regular help, else they suffer from constipation. The condition is perfectly natural. It is just as natural as it is for old people to walk slowly. For age is never so active as youth. The muscles are less elastic. And the bowels are muscles. So all old people need Cascarets. One might as well refuse to aid weak eyes with glasses as to neglect this gentle aid to weak bowels. The bowels must be kept active. This is important at all ages, but never so much as at fifty.

Age is not a time for harsh physics. Youth may occasionally whip the bowels into activity. But a lash can't be used every day. What the bowels of the old need is a gentle and natural tonic. One that can be constantly used without harm. The only such tonic is Cascarets, and they cost only 10 cents per box at any drug store. They work while you sleep.—Advt.

Attention You Cribbage Player

The ninth annual tournament of the Brainerd Cribbage club will commence very soon. It has been decided to increase the membership to 12, an increase of five more members. Applications should be sent to W. E. Entriiken, 319 N. 10th St. before 7 p. m. Saturday, November 22. The original rules of the club to govern. Advt.—12

Nervous and Sick Headaches

Torpid liver, constipated bowels and disordered stomach are the causes of these headaches. Take Dr. King's New Life Pills, you will be surprised how quickly you will get relief. They stimulate the different organs to do their work properly. No better regulator for liver and bowels. Take 25c and invest in a box today. At all druggists or by mail. H. E. Bucklen & Co., Philadelphia and St. Louis. —Advt.

One of them tried hard to make the other understand something, but he was rather very hard of hearing or slow in believing.
At last his friend lost his temper and exclaimed, "Why, don't you see? It's as plain as A B C!"
"That may be," said the other; "but, you see, I am D E F."—London Telegraph.

CONCERT WAS A BRILLIANT AFFAIR

Edwin Harris Bergh Charmed the Large Audience With His Artistic Violin Playing

MRS GEORGE D. LaBAR'S SOLOS

Drew Great Applause—Mr. Alderman and Mrs. LaBar in Duets—Evening Greatly Enjoyed

The violin recital given Friday evening by Edwin Harris Bergh, who was assisted by Mrs. George D. LaBar soprano and S. F. Alderman baritone, with Mrs. W. F. Wieland at the piano, was one of the most enjoyable concerts ever given in Brainerd musical circles. An audience which filled every seat of the spacious First Congregational church listened with delight to every number and was generous in its applause and often succeeded in being favored with an encore.

This was Mr. Bergh's first public appearance in concert work and his playing stamped him as an artist of the highest attainments. The selections he gave ranged from Svendsen, Grieg, Beethoven to Wieniewski and Musin. In all he showed his capable technique, his splendid bowing and clear intonation. The clear, ringing, rich tone of his violin, his double stopping, his harmonics, the staccato movement in the Beethoven minuet, all these displayed his rare talents.

Mrs. George D. LaBar's soprano delighted her audience and revealed the beautiful qualities which have endeared her to all Brainerd people. In sustained passages she evidenced the power of her voice. She was heard in "On the Adriatic Sea" by Temple and "Dream One Dream of Me" by Robyn. As an encore she gave "April Rain."

Mr. Alderman sang "Honour and Arms" by Handel and this piece amply showed the range and power of his baritone voice. He was heartily applauded and as an encore sang, "Until You Came."

In duets, Mrs. LaBar and Mr. Alderman created a most favorable impression by their rendition of "A Golden Day" by Campana. They drew hearty applause and favored the audience with an encore.

As an accompanist Mrs. W. F. Wieland showed her capabilities by playing for Mr. Bergh and the singers and for all she showed the same sympathetic appreciation of the theme and spirit of each selection and merged her individuality with that of the soloist.

ABOUT STOPPING AT PILLAGER

Supt. A. V. Brown Answers Request Made to Have the Twin Ports Limited Flagged There

THE OFFICIALS CONSIDERING IT

Flyer for Through Passengers Who Complain When Any Delay Doing Local Business

In response to an inquiry from the Dispatch relative to having the Twin Ports Limited stop at Pillager when flagged and in order to give Pillager people a chance to visit the shows, lodges and other entertainments in Brainerd, A. V. Brown, superintendent of the Lake Superior division of the Northern Pacific railway, has written the Dispatch as follows:

"Your letter of November 14th has been received and the matter of stopping our Limited at Pillager is now being considered. The trouble in a case of this kind is that if we stop for Pillager we have to make stops at various other points asking the same privilege.

"This train is run primarily to care for through passengers who complain when there is any delay doing local business. We try to conduct our affairs so that we will be fair and impartial to all communities and I know that you will readily recognize that if we favor one without favoring the other, we are then accused of discrimination. If we favor all the communities it would be an impossibility to run the train as advertised, and the question of favoring Pillager is, of course, one that we shall have to give careful consideration, and as soon as we reach a conclusion I will let you know whether we will or will not be able to grant your request.

"I appreciate your writing me about the matter and assure you that we desire to be accommodating and of service to you and our good friends whenever it is possible for us to do so."

A Consumptive Cough

A cough that bothers you continually is one of the danger signals which warns of consumption. Dr. King's New Discovery will stop cough, loosen the chest, banish fever and let you sleep peacefully. The first dose checks the symptoms and gives prompt relief. Mrs. A. F. Mertz, of Glen Ellyn, Iowa, writes: "Dr. King's New Discovery cured a stubborn cough after six weeks' doctoring failed to help." Try it, as it will do the same for you. Best medicine for coughs, colds, throat and lung troubles. Money back if it fails. Price 50c and \$1.00. All druggists, by mail. H. E. Bucklen & Co., Philadelphia or St. Louis.—Advt.

DEVELOPMENTS OF WEEK ON RANGE

No Substantial Confirmation to Report that Fee in Kennedy Had Been Bought By N. P.

CUYUNA-MILLE LACS SHIPPING

Activity in Section 13-45-30, East of Brainerd—Ben Mizen Leaves George H. Crosby

At present no substantial confirmation can be gained of the report that the fee of the Kennedy mine at Cuyuna has been purchased by the Northern Pacific railway. At the headquarters of the Northwestern Improvement Co. in Brainerd nothing whatever was known of the matter. Carl Zapffe was not at the office.

It was announced some weeks ago that the Northern Pacific railway would build a line along the south shore of Rabbit lake extending to the timber shaft of the Kennedy mine and railways do not build lines unless they expect haulage. On Wednesday a corps of surveyors arrived at Deerwood and went to Cuyuna and the report is now current that the Northern Pacific will extend a line from Deerwood to Cuyuna and across the narrows of Rabbit lake. It is even stated that Dale & Bumgardner, who have done much Soo railway construction work on the range, had the N. P. contract for the Deerwood-Cuyuna extension.

The Soo line has finished its extension to the Iron Mountain Co. property. The shaft is in ore and the pumping station has been finished. Coal has been received at the mine over the Soo line.

The Cuyuna-Mille Lacs mine is still shipping, but will do the last of it by the end of the week. The season's shipments at the mine were from 30,000 to 40,000 tons. Stockpiling will soon be commenced, but in addition the company expects to make winter rail shipments to Ashland and Michigan furnaces. Payday on November 20 disbursed over \$8,000 at the mine.

The Cuyuna-Duluth Iron Co. is stockpiling. The winter will be devoted to largely increasing the inside workings and thus enabling the mine to get out a very heavy tonnage in 1914. The shaft will be sunk much deeper, work on the same being now in progress. About 10,000 tons were shipped this season.

The Duluth-Brainerd shaft in section 32, township 47, range 29 is down 40 feet. Photographs taken of the camp reveal the head frame, the power house and other buildings and the long flumes conveying away the water pumped from the shaft. This mine will be a shipper next year.

E. J. W. Donahue was on the range this week with C. B. Rowley of Brainerd, and A. R. Amundsen, of Duluth.

The Cuyuna-Sultana Co. has a drill at work on the Campbell forty and one in the northeast quarter of the northeast quarter of section 16, township 45, range 29.

The Adams mine has installed an electrical pump, power being furnished by the Cuyuna Range Power company which recently built a pole line from Deerwood to Oreland. The mine is one of the best equipped on the range. It will stockpile heavily this winter and be on the shipping list in 1914.

The Barrows mine is working on its Nos. 3 shaft, a large compartment shaft. The men have been changed from three to two shifts a day. About the same number are employed as before. The power house has an electric light plant which lights the mine and the boarding houses, captain's and superintendent's cottages and other buildings on the location. The town of Barrows is having a telephone line installed and a hundred or more telephones have been subscribed for.

The Brainerd-Cuyuna mine in the city limits of Brainerd is getting its power house in shape. The boilers are being bricked up. Capt. John Martin has made a good showing in two months, one of the best ever made by any company on the range.

East of Brainerd in section 13, township 45, range 30, there are three properties which it is reported may be taken over by the Canadian-Cuyuna Mining Co. The land has been well drilled and prospected by the Longyear Exploration Co. Interested in the property are R. K. Whiteley, R. J. Hartley, C. A. Allbright and other Brainerd men.

Cole & McDonald, operating for fee owners, are said to have found high grade ore in section 20, township 46, range 28. It is said some of the ore runs 68 per cent in the southwest quarter of the section named, lying east of adjoining the townsite of Oreland and near the Sealander farm. On the same line of attraction is the Lofholm farm for which John Helmer, of Duluth, paid approximately \$20,000. Wm. C. White is drilling along this same line of attraction.

W. B. Sloane, of Chicago, auditor of the Inland Steel Co. Thompson mine, was on the range Wednesday and visited the mine where a shovel is engaged in stripping. This mine, originally an underground mine, will be converted into a pit mine and be ready for extensive shipping in 1914.

M. M. Reynolds, of Banora, Iowa, and O. B. Walters, of Manning, Iowa, accompanied George Urquhart, of St. Paul, were over the range Wednesday examining the various properties in

Vespers at St. Francis church at 7:30 P. M. every Sunday evening, except during the months of July and August, when there are no evening services.

Money to Loan

The Northwestern Building Association of Fergus Falls has money to loan on real estate in Brainerd to be repaid in installments. All loans are made promptly. Apply to Gilbert W. Chadbourne, local agent. 13413eod

DOWNWARD COURSE

Fast Being Realized by Brainerd People

A little backache at first. Daily increasing 'till the back is lame and weak. Urinary disorders may quickly follow.

Dropsy and often Bright's disease. This frequently is the downward course of kidney ills.

Don't take this course. Follow the advice of a Brainerd citizen.

Mrs. George W. Hall, 613 Third Ave. N. E., Brainerd, Minn., says: "I frequently had headaches and dizzy spells. I felt languid mornings, and was caused annoyance by kidney weakness. Doan's Kidney Pills cured me, and the cure has been permanent. Others of our family have procured Doan's Kidney Pills at H. P. Dunn's drug store and have used them with very satisfactory results. I am glad to let you keep on publishing the endorsement I gave Doan's Kidney Pills after I first took them."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Hall had. Foster-Milburn Co., Props., Buffalo, N. Y.

Twice in the Same Place.
Some people seem to be more likely to be struck by lightning than others. Father Bosco of Turin was struck three times on different occasions. Mrs. Hain, an American woman who was wounded in the left foot by lightning in the year 1840, was struck again in the same spot in 1855. The great Mithridates was reputed to have been struck in the forehead while a child and to have had his sword fused by lightning as he slept with it by his side in later life.

An Old Puritan Name.
Among the millions of our fellow countrymen you would expect to find some curious survivals of names. Well, the other day I found the name, still surviving in Lancashire, "Trample-pleasure." It does not occur in the London telephone directory. It has never before occurred in my experience, but it is obviously a survival of the "Praise God Bearebones" period. And the last man with that name should be forgiven if he shortened it to Smith.—London Standard.

Not Impressed.
"I know no north, no south, no east, no west," declared the impassioned orator.
"You are also just as badly mixed in several other respects," commented an old farmer in the audience.—Pittsburgh Post.
